VALIDATING CUSTOMER LOYALTY MODEL USING STRUCTURAL EQUATION MODELING

DOWNLOAD

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | How often does someone patronize a company specifically because of its over-the-top-service? You can probably think of a few examples, such as the traveller who makes a point of returning to a hotel that has a particularly attentive staff. The answer could be you probably can't come up with many. To meet customers' expectations, the company representatives should anticipate and head off the need for follow-up calls, address the emotional distress incurred during the interactions, minimize the need for customers to switch service channels, listen to and learn from disgruntled customers and focus on problem solving. | Format: Paperback | Language/Sprache: english | 123 gr | 220x150x4 mm | 80 pp.
