

The Book Sale: Represent and Solve Subtraction Problems

By Amy Lin

Rosen Classroom, United States, 2013. Paperback. Book Condition: New. 198 x 196 mm. Language: English . Brand New Book. Algebra is a foundational concept in the study of mathematics, and readers will delight in learning the principles of operations and algebraic thinking in a relatable and engaging way. Topics such as adding and subtracting within 20, using algebraic principles to solve equations and word problems, and understanding the relationship between addition and subtraction will give beginning math students a firm grasp on basic math concepts. A school s book sale sets the stage for subtraction equations, where selling books about animals and toys allows readers to practice subtracting within 20. This volume satisfies CCSS Math Standard 1.OA.A.1.
