## Nature s Harmonic Unity: A Treatise on Its Relation to Proportional Form

By Samuel Colman

Martino Fine Books, United States, 2009. Paperback. Book Condition: New. 241 x 185 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.2009 Reprint of the original 1912 edition. Paperback 327pp. With 302 illustrations by the author. Baumring s Top Pick for an Understanding of Harmonic Order of Nature. Beautiful Analysis of the Harmonic Structure of All Types of Forms in Nature Clearly Showing the Order of their Form. A monumental work of great erudition showing the fundamental unity of all design in nature, from the microscopic to the galactic, but most especially the unity of design in architecture, and biology. The original 1912 edition is very rare. This is the only cloth reprint, other reprints lack illustrations. The handful of folding plates in the original edition have here been reduced to fit one page each. It has been interesting to compare this work with that of Thompson s On Growth and Form (see catalogue 75), and then to compare these two books with Neal s All Done with Mirrors. Neal, who writes as a Platonist, concentrates on the ancient world, and shows that the ancients knew most if not all that Thompson and Colman present, and more,...

### Reviews

*Extensive information for book fans. It is written in basic words and never hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- Otis Wisoky

*This publication is great. It is full of wisdom and knowledge You will not really feel monotony at any time of the time (that's what catalogs are for relating to when you ask me).*

-- Dr. Everett Dicki DDS
