Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This little handbook that tells all - is a life-changer, in easy to follow steps. And, you will even be smiling along the way in this journey of life. Though it is a very serious subject - changing one's path of life - this book is proof that you do not have to wade through someone else's life's stories - to change your own. Nor, do you have to apply these principles with dogged seriousness and somberness. No - this book will take you on an excursion of life that is easy, fun, and enormously rewarding. Most pages have pictures or renderings to bring home the principle for that particular page or session. It states unequivocally that there are no new ideas. It expresses appreciation of The Law of Attraction, and The Secret - but emphasizes that these are not new ideas. Nor are they secret . The proper application of ancient principles is what this book is about. Everything written and studied revolves around this simple statement, which we are all familiar with: Ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened unto you: But, you see, it is how you ask that makes all the difference. So, this little handbook takes that statement - actually it is a promise- and joins up with modern science to teach easy to follow - and easy to implement - steps. It presents a simple, down to earth method of applying these principles, with traces of humor thrown in. This is a concise, easy to follow, life changer. You will love it!
