

## Mark From Earth (Volume 1)

By Rafael Gruszecki

Earthbound Book Co. Paperback. Condition: New. 280 pages. Dimensions: 9.0in. x 6.0in. x 0.6in. Mark has lived his whole life on Earth which is rather tragic. It means he's never met an android, never flown a Flarejet, and worst of all, never cut clouds while riding a skyboard. He's really been missing out, and it's all because Mark, like most people, doesn't know the truth about Earth . . . But all that is about to change when Mark receives a grand invitation to set sail for the stars. Accepting means discovering the secret about his home planet, attending a school in a starship, befriending the finest crew of rough and tumble outcasts, and together exploring unforgettable, dangerous new worlds. All Mark has to do is make the choice . . . to change his stars. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.

### Reviews

*This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).*

*This kind of book is every little thing and taught me to look ahead of time and a lot more. I am quite late in starting reading this one, but better than never. I found out this book from my dad and he encouraged this pdf to find out.*
