Reviews

A superior quality book and also the font employed was fascinating to learn. I could possibly comprehend almost everything using this created e publication. You wont sense monotony at at any time of your respective time (that's what catalogs are for about should you ask me).

WHIM: IN THE BEGINNING (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Two hundred and fifty years ago the planet Earth was in trouble. Everything that could be dug up had either been burned as fuel, turned into novelty key-rings or eaten . at least once. All this could mean only one thing; it was time to move on. What was needed was a ship. But this was to be no ordinary Ship; this was to be the saviour of mankind. As such it had to have the backing and cooperation of everyone on the planet. It was therefore doomed from day-one. It s the job of The Chairman to steer a course through the figurative minefields to the point where the Ship is launched, but also more importantly to seal his immortal place in history. As a scheming, vindictive, delusional megalomaniac with more mood-swings than a schizophrenic pendulum and a mind that would have given Machiavelli a good shot at the Nobel Prize for Transparency, he s perfect for the job. But dark forces are at work and the Chairman suddenly finds that he s nothing more than a pawn in a game that has different rules . and he s really not happy. Meanwhile, in the bucolic land of Ag, a young man decides that the life of a village Trader is not for him. So, following in the footsteps of his sister he sets out to find her. But there s just one problem . the Barriers. The Barriers are huge sheer black slabs which rise out of the ground to a height of over two miles. Clearly artificial, with an impossible height and an unknown purpose they re exactly what they say on the tin; Barriers. Bruno is...
