She s about to find out exactly how much he wants her. LEXI I ve been fascinated with him for years. He s wild and lives alone, and everyone has been smart enough to keep their distance. Except me, that is. Until now. I see something in him that I see in myself, and I want to explore that. He s untamed and raw, and maybe dangerous. But that s exactly what I need. It s what I want. DILLON She shouldn t have come to me, but now that she s here, I can t let her go. I don t do well around others, so going off the grid has been for the best. What Lexi doesn t know is that I ve noticed her for years and wanted her as mine for just as long. It would be safer if I kept her at a distance, which I ve managed to do . but I can t anymore. I won t. I hope she s ready to be mine, because she s about to see exactly how feral I can be where it concerns her. Warning: This book is wild and dirty, short and smutty. Sure, it s unbelievable, and features a celibate recluse who will make the woman he wants his at all costs, but who doesn t like it that way? If you are into an over the top alpha hero, and some filthy goodness, dive in.
