Army Research Institute for the Behavioral and Social Sciences, Advanced Training Methods Research Unit, 2003 OCLC Number: (OCoLC)228302964 Subject: Soldiers -- Training of -- United States. Excerpt: . . . Apparatus The participants used computers with Internet connections to access Army TEAMThink. For these experimental sessions, each of the participating schools provided access to the computers. The Army TEAMThink program and all data were stored on a server at Athenium in Boston, MA. In the current experiment, Army TEAMThink was used in a traditional classroom setting due to experimental and scheduling constraints. Students in this experiment participated in only one iteration of Army TEAMThink; therefore, we are unable to generalize our findings to multiple exposures to the process. Procedure Tutorial. All soldiers first completed an Internet-based, self-paced tutorial, which was about 40 minutes in length, instructing them on how to author effective multiple-choice questions. The tutorial focused on developing different parts of a question. The topics of the tutorial covered the basic components of multiple-choice questions including context, stem, key, and distracters. The context is supplemental information in the...
