## Avian Cholera in Canada Geese on Southern Illinois Wintering Areas: Final Report, Submitted by Cooperative Wildlife Research Laboratory, Siuc, Presented to Illinois Department of Conservation, August 31, 1994 (Classic Reprint) (Paperback)

By Robert J Gates

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from Avian Cholera in Canada Geese on Southern Illinois Wintering Areas: Final Report, Submitted by Cooperative Wildlife Research Laboratory, Siuc, Presented to Illinois Department of Conservation, August 31, 1994 Field work was conducted at Union County and Horseshoe Lake cas located in Union and Alexander counties, in southern Illinois. Both areas were managed primarily to provide resting and feeding habitat for wintering and migrating populations of Canada geese. Union County CA included a ha refuge area that was closed to hunting and a 830 ha public hunting area that was open to waterfowl hunting during the legal season on a permit basis. The refuge portion of Union County CA refuge included 590 ha of croplands that were annually planted to corn, soybeans, winter wheat, other forage crops, or left fallow (moritz Additional crops (primarily corn and winter wheat) were planted on the public hunting area, as well as surrounding private lands. Open roost water was maintained during dry and/or cold periods by pumping groundwater with 4 pumps located on lakes and wetlands used by geese. Union County wintered peak populations of Canada...
