Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. There seemed little hope in sight. Watching the secularist make the rich richer and the poor poorer is not exactly the Matthew 16:18 I was looking for. Where was the church? The decline of America and the slow extinction of the middle and working classes is an ongoing horror show to watch. How can secularists affect countless numbers of people with their poisonous ideas and mantras and not have a faith revolution? We have passed the tipping point and it is in fact time for a faith revolution. You can be drowning in denial all you want, but the evidence of this horrific reality is right outside your front porch. All you have to do is walk outside and open your eyes and see this huge drug problem from coast to coast. We now live in a nation where not even our children are safe from drugs and alcohol. There are maniacs everywhere just waiting to snatch up your unattended kid walking to the school bus stop and get them hooked. The monsters are feasting everywhere and some of them wear two thousand dollar suits and work on Wall Street and Capitol Hill. There is no escaping any of this while the secularism thrives. You can no longer walk between the raindrops. You will get wet from the drug and alcohol storm.
