

IFRS and XBRL: How to Improve Business Reporting Through Technology and Object Tracking (Hardback)

By Kurt Ramin, Cornelis Reiman

John Wiley Sons Inc, United States, 2013. Hardback. Book Condition: New. 229 x 155 mm. Language: English . Brand New Book. International Financial Reporting Standards are increasingly adopted worldwide, and it is critical to understand their place within the global business environment as well as the most up-to-date methods of applying them. In IFRS and XBRL Kurt Ramin and Cornelis Reiman, world authorities on IFRS, have condensed the overwhelming flood of available material to present a comprehensive guide to the key components of IFRS, helping to explain why they are a priority for private enterprises and governments alike. The book: * provides valuable commentary on key components of IFRS which are crucial to local, national and international business decision making * demonstrates the importance of disclosure checklists * offers illustrative financial statements arising from IFRS * looks at recent developments in IFRS, in particular how the standards should be reflected in the narrative report, and what implications they have for sustainability reporting * explores how business reporting can be improved, for example through the addition of non-financial reporting * examines the key issue of emerging technology in reporting under IFRS, especially the use of XBRL and the obvious push for...
