Much credit, also, is due to her for her great moral courage in representing to the world thoughts and theories wholly at variance with the materialistic Science of the present day. It will be understood with difficulty by many, that the much abused phenomena played an important part in the compilation of The Secret Doctrine; that H.P.B. very often received so-called precipitated messages, containing matter which later on became part of the book. As the world gains better comprehension of occult laws, many strange events will be understood, and the history of the Theosophical Society will be viewed in another light than that...
