This book is a biography of my life with undiagnosed autism all the way from birth to age 35 years, and 10 months old. It shows how I did well with my teachers and peers in Special Ed but not in the regular classroom and I got in many fights with the boys. Then, in the 7th grade, I was in all Special Ed classes and did really well in all of them and got along great with all my teachers and peers. Then, I took a Student Achievement test that I scored well on making me the smartest student in the class. As a result, they decided to put me in all regular classes in the 8th Grade and I barely passed my classes with Cs for years from that point on only because my mother drilled me to death for years on end for hours on end to pass all these classes that were way above my head. There was no more positive enforcement in the normal world. All my teachers were down on me for not performing assignments and experiments well acting like it bothered them I was so dumb. My peers acted like they were better than me and really didnt want messed with me. I would ask for their help. Some would help me with my assignments but most got aggravated about it and asked why dont I just do them myself. They all put me down for not being sociably up to their par and I could no longer find a girlfriend. I also had trouble with bullies the first two or three years I was in all regular classes and the students would...
