

Spirituality and Narrative in Psychiatric Practice: Stories of Mind and Soul

Filesize: 5.05 MB

Reviews

This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe.

RCPsych Publications, United Kingdom, 2016. Paperback. Book Condition: New. 234 x 156 mm. Language: English . Brand New Book. For mental health service users, spirituality and faith are closely connected with questions of relationship, transcendence, and finding meaning and purpose in life - questions best approached by way of narrative (or story). In clinical practice, narrative can provide a means of exploring the ethical and professional dilemmas that are encountered when spiritual and/or religious concerns are in evidence. Narrative has been recognised as important in both medicine and theology, and now it can be employed as a framework for addressing spirituality and religion in clinical psychiatric practice, encompassing addictions, liaison and forensic psychiatry, and spanning all ages and cultures. * Breaks new ground in using narrative to explore the importance and challenge of spirituality in clinical psychiatric practice. * Includes narrative excerpts and case illustrations to show how spiritual concerns can be included in a range of psychiatric treatment options. * Provides a tool for exploring the ethical and professional dilemmas spirituality still raises in mental healthcare. * Presents contributions from patients, chaplains, and leading psychiatrists and clinical psychologists.
