AuthorHouse. Paperback. Book Condition: New. Paperback. 68 pages. Dimensions: 9.1in. x 6.0in. x 0.2in. This book provides welcome relief to those who must know about statistics for school or work or personal life. Is it a required course Do you need to understand the basics to keep up with the latest quality initiative at work What about those medical studies on the nightly news; how reliable and accurate are the reports Or are you just hoping to win the lottery Statistics: Short and Simple makes friendly and accessible a subject that many find threatening or intimidating. Most people face the prospect of taking a basic statistics course with trepidation. They struggle through memorizing formulas and cook book approaches to problems. Afterward they forget most of it, and walk away with only the warm feeling of having survived. Later in life when the subject comes up, they dont remember (or were never taught) enough about the concepts to respond intelligently or make good personal or business decisions. Students can use this book to prep for classes, understanding the concepts before facing the calculations. Others can use it to review what you should have learned instead of going back to a text book and notes that really didnt make it clear in the first place. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
