Hay House Inc, United States, 2015. Paperback. Book Condition: New. 230 x 152 mm. Language: English . Brand New Book. In this truly inspirational memoir, Anita Moorjani relates how, after fighting cancer for almost four years, her body -overwhelmed by the malignant cells spreading throughout her system - began shutting down. As her organs failed, she entered into an extraordinary near-death experience where she realised her inherent worth .and the actual cause of her disease. Upon regaining consciousness, Anita found that her condition had improved so rapidly that she could be released from the hospital within weeks .without a trace of cancer in her body! Within these pages, Anita recounts stories of her childhood in Hong Kong, her challenge to establish her career and find true love, as well as how she eventually ended up in that hospital bed where she defied all medical knowledge. As part of a traditional Hindu family residing in a largely Chinese and British society, she had been pushed and pulled by cultural and religious customs since she was a little girl. After years of struggling to forge her own path while trying to meet everyone else s expectations, she had the realisation, as a result of her epiphany on the other side, that she had the power to heal herself .and that there were miracles in the Universe that she had never even imagined. In Dying to Be Me, Anita freely shares all she has learned about illness, healing, fear, being love, and the true magnificence of each and every human being!.
