## UFOS: REFRAMING THE DEBATE (PAPERBACK)

White Crow Books, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. IF YOU LIKE YOUR UFO LITERATURE TO CONFIRM WHAT YOU ALREADY KNOW, THIS IS NOT THE BOOK FOR YOU! The UFO field has produced thousands of dedicated researchers over the years, and reams of literature; but to what end? What can we claim to know conclusively today about the underlying nature of UFO phenomena that we didn't know in the late-1940s? UFO study has always suffered from major organizational and methodological problems. It has also become dangerously self-referential. If ever we are to further our understanding of the UFO enigma, we must fundamentally reframe our debate. We must wipe the board clean and fill it with new ideas, new theories, even new language. We must be willing to start from scratch when the field stagnates. We must be critical, sober, and free of dogma--ready to rinse away the residue of our own beliefs. UFOs: Reframing the Debate is a collection of original essays exploring alternative perspectives on UFOs and how we might more usefully study the phenomenon in the 21st Century. The book brings together some of the most progressive and iconoclastic thinkers in the field for an incisive deconstruction of current popular ideas. Critical but constructive, this challenging volume represents a range of differing (even conflicting) alternative viewpoints on UFOs and related phenomena. UFOs: Reframing the Debate is a cold, hard, slap in the face for UFOlogy, a call to break away from established ideas, approaches, and practices, and to boldly tread a new path in quest of understanding what may very well be the greatest mystery of all.
