

The Kits Music Theory Course: Step 2 (Paperback)

Filesize: 1.97 MB

Reviews

A really wonderful book with lucid and perfect reasons. This can be for all who statte there was not a worth reading through. You are going to like how the author write this book.

(Dr. Grady Jacobi DDS)

THE KITS MUSIC THEORY COURSE: STEP 2 (PAPERBACK)

On Demand Publishing, LLC-Create Space, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The KITS Music Theory Course includes seven levels of student workbooks appropriate for school age children from the second grade through high school. Each book has about 30 lessons covering four areas of study: music reading, vocabulary, aural perception, and applied skills. While written with piano students and their teachers in mind, the course is adaptable to other instruments. It has been in use since 1989, available only by mail order as a desktop publication of the Keynote Independent Theory Service, or KITS. Teachers and students nationwide have enjoyed a traditional approach to the fundamentals of music, from note reading to harmonic analysis, scale playing to melodic dictation. KITS Director Christine A. Murow, author of the course, has now published it online for the convenience of many KITS subscribers, who have depended on it for years, as well as for newcomers. With this new move, she hopes also to further the teaching of music theory into the future.
