Forgotten Books, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Ophthalmic Literature, Vol. 3: May, 1913 This is one of the series of works issued as a system of ophthalmic practice, and edited by Walter L. Pyle. It therefore corresponds in form to the earlier volumes, Darier s Ophthalmic Therapeutics and the Pathology and Bacteriology of Collins and Mayou. The con sideration of ocular diseases from this standpoint is an extremely practical one. It is symptoms that are first presented to the practico ing ophthalmologist. And from them he must make his advance to a scientific understanding of the pathology. The practical relations and the therapeutics of the case. To learn such a line of thinking, from obvious symptoms to all that they imply. Is to become a practical ophthalmologist. This is quite different from studying the phenomena of disease. As they are usually presented in systematic text-books or lectures. Most men that have gotten their knowledge thus organized on the practical basis have accomplished it by watching the daily practice and following the lines of thought of some clinical master. But there is every reason why this should be supplemented by a systematic treatise arranged on these lines. There are many books on medical diagnosis, but so far as we know the claim made in the preface that there is no other separate volume in any language devoted exclusively to ocular semiology is strictly in accordance with the facts. English reading students are to be congratulated that a work of the kind has come from a clinical master like Dr. Beard. No part of it is given to the explanation of instruments and methods of diagnosis. The student must have mas tered the usual methods of ophthalmic examination...
