Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Cyber crime is the biggest threat that every organization on the planet faces today! And it s not just the organizations that are vulnerable. People too are at risk of being targeted by hackers. Inside this book we aim to show you the importance of staying on top of this threat by learning how to hack. While it is true that hackers have received a bad rep over the years, mostly due to biased media reporting, not all hackers have criminal intentions. This book is meant to serve as an educational guide for people who are interested in learning some simple hacking tools, tips, and techniques in order to protect yourself and your computer networks. It is to be used for ethical hacking and not malicious activities. If you have ever been curious about hacking and have wanted to learn the art of the hack, then you have found the right book. We live in a world where everything is interconnected. Back in the day, we relied on the government and major organizations to provide enough security for our personal data. This is no longer feasible in a world where the security agencies themselves are the major targets of malicious hackers. In fact, in most cases, the biggest cyber threat will come from your very own government. Join me inside to learn the ins and outs of becoming a hacker!.
