Brand New Book ***** Print on Demand *****.Jameson Daniel McCoy (Jinty) is the latest of evolution s attempts to produce a new and viable variant of the human race. Early in life he discovers that his paranormal abilities are bounded only by his imagination, and he gradually learns to control his environment with the power of his mind. Jinty produces several inventions which help to relieve poverty (and thus loosen the grip of certain regimes on their subjects). This provokes a number of assassination attempts and the novel opens with one such attempt upon Jinty s life. Whilst exploring the solar system with his mind, Jinty encounters aliens on Pluto who are awaiting the arrival of their main fleet, intent on invasion of Earth. Jinty is faced with a dilemma: should he send the invaders back to their home planet without the people of Earth ever knowing they have been threatened, or should he give normal human beings an opportunity to prove that they are not wedded irrevocably to bloody war as a solution to all territorial disputes? Jinty enlists the help of Henry Tenn, the soon-to-be British Prime Minister as he works towards the formation of a single World government. In order to force the major governments to unite, Jinty teleports four world leaders to the spaceship of True Prince, Hra Neh, leader of the alien scouting party. In a demonstration of his emerging abilities, Jinty vaporises an asteroid, warning Hra Neh that his home planet of Vahan could suffer the same fate if the intended invasion of Earth were to take place. Back on Earth, Jinty drops a bombshell: he tells the world Leaders that the whole incident with the asteroid was no...
