Survival Skills: (FREE Bonus Included) 13 Most Overlooked And Underappreciated Survival Skills You Should Know In Order To Survive Anywhere Have you heard one of the stories about a person who has survived the wilderness or being lost at sea, despite all the odds? The fact is that the human spirit is strong and will do anything it can to survive. People who survive these types of disasters are normal individuals who have taken the time to prepare themselves for a disaster. The common route to preparation is to learn how to find food, water and create shelter. These items are essential but, there is something which is far more beneficial to ensure you can survive any situation. These are everyday skills which are generally underappreciated despite being the key to surviving and even flourishing. The book will provide you with the following: An insight into how these survival scenarios can happen to anyone and how to complete you initial assessment before starting to make a move. 5 under-appreciated skills which will help to ensure you have a good chance of short term survival. 5 More skills which are overlooked but can assist you with long term survival. An additional 3 skills which can make the difference between surviving the disaster and not.
