Language: English Brand New Book ***** Print on Demand *****.Excerpt from Annual Report of the Trustees Constitution, by-Laws, and List of Members: For the Year 1884-5 The Trustees of the American Museum of Natural History present this their Sixteenth Annual Report to the Patrons, Fellows, and Members of the Museum. The Treasurer's account shows the receipts of the year to have been \$35,770.21. This includes \$5,000.00 received from the estate of the late Wm. E. Dodge, contributed to found a permanent endowment fund; also \$7,601.60 contributed by the Trustees to make up the annual deficiency. The expenditures were \$26,667.49 for maintenance, and \$3,798.36 for improvements and additions. These purchased additions were mostly new species, and comprise 44 specimens of North American birds, 29 specimens of North American mammals, and 20 monkeys; also specimens of minerals, fossils, and insects, and 17 volumes of needed books for the Library. The large additions to the Museum by donation and exchange will be found in the list of accessions appended. Much of the growth of the Library has been found to be due to the Museum Bulletins, prepared by the Curators, and sent to corresponding institutions and libraries all over the world in exchange for their publications. A large increase in the number of visitors has been noticed during the year. This is a gratifying indication of the increasing popularity of the Museum. The collection of American Forestry specimens, the preparation of which has been in progress during the past three years, is expected to be placed on public exhibition this spring.
