Gale Ecco, Print Editions, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. The eighteenth-century fascination with Greek and Roman antiquity followed the systematic excavation of the ruins at Pompeii and Herculaneum in southern Italy; and after 1750 a neoclassical style dominated all artistic fields. The titles here trace developments in mostly English-language works on painting, sculpture, architecture, music, theater, and other disciplines. Instructional works on musical instruments, catalogs of art objects, comic operas, and more are also included. +++The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to insure edition identification: +++British LibraryT153051The dedication in vol.1 is engraved. The frontispieces to both vols. include the title A century of prints from drawings published with notes by Charles Rogers . , and that to vol. 2 is dated 1766. The woodcut portraits are by Simon Watts (Gentleman s Magazine, vol. LIV, p. 160). London: printed by J. Nichols, successor to Mr. Bowyer. And sold by John Boydell, engraver. Benjamin White. Peter Molini, 1778. 2v., plates: ill., ports.; 2.
