Beginning Oracle Database 12c : From Novice to Professional

By Ignatius Fernandez

APRESS L.P. Jul 2015, 2015. Taschenbuch. Condition: Neu. Neuware - Beginning Oracle Database 12c Administration is your entry point into a successful and satisfying career as an Oracle Database Administrator. The chapters of this book are logically organized into four parts closely tracking the way your database administration career will naturally evolve. Part 1 'Database Concepts' gives necessary background in relational database theory and Oracle Database concepts, Part 2 'Database Implementation' teaches how to implement an Oracle database correctly, Part 3 'Database Support' exposes you to the daily routine of a database administrator, and Part 4 'Database Tuning' introduces the fine art of performance tuning. Beginning Oracle Database 12c Administration provides information that you won't find in other books on Oracle Database. You'll discover not only technical information, but also guidance on work practices that are as vital to your success as are your technical skills. The author's favorite chapter is 'The Big Picture and the Ten Deliverables.' (It is the editor's favorite chapter too!) If you take the lessons in that chapter to heart, you can quickly become a much better Oracle database administrator than you ever thought possible. You will grasp the key aspects of theory behind relational...
