Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This Minecraft Design book has been created to provide Savannah with a place to design, document and perfect her ideas, before building them in Minecraft. Now she can work on her Minecraft creations even when she doesn't have access to a device! We have provided Notes and Sketches pages, allowing her to sketch out some rough ideas and write notes and thoughts about her creations. After this there are pages containing grid-lines to help her to further develop and refine her designs. The grids will help her to work out the finer details of her creation before she starts to build her construction in Minecraft. The grid pages back onto the blank notes and sketches pages, to enable her to see her drawn designs through the paper - allowing her to transform them into Minecraft block designs more easily. We really hope she enjoys using this designing note book, and we hope it helps her to develop ever more impressive Minecraft inventions and creations. Happy creating!.
