A CAREER IN DANCE (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.DANCING IS A PART OF BEING HUMAN. Even people who cannot walk and must get around in wheelchairs respond to the desire to dance - there is a Wheelchair Dancers Organization. For some people social dancing is not enough. They feel the need to make dancing the central part of their life. For these people, seeking a career as a dancer is an act of love. If you are one of those who think this might be what you want to do, you must think twice. If being a dancer is not something you absolutely must do with your life, then you should seriously consider some other career. You should understand that every other dancer against whom you will be competing for the limited number of professional dance jobs available is committed with all of their being to this art. You can certainly want to dance for fun, for your own pleasure, and as a recreational outlet for your creative spirit. If you are serious about a professional career in dance, then you must be prepared for disappointment, discouragement, and physical pain as you follow your passion. If you have the dedication, there are many things to do to give yourself the best chance for success. You will, of course, always be taking dance classes, probably from a very early age. You may already be interested in a particular technique or the work of a specific choreographer. Many dancers, choreographers, and teachers would encourage you to broaden your...
