

Custom Bike Building Basics: Tips and Tricks for the Backyard Garage Mechanic (Paperback)

By Chris Callen, Cycle Source

Wolfgang Publications, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Custom Bike Building Basics is the basic bible that at-home builders need to build and modify their own motorcycle. Before you can build that dream bike, you need a place to work and a set of tools to work with. Chapter One covers these topics and more, including the need for a quality compressor and a decent motorcycle lift. Home-built bikes and their components are built from steel, so working with steel, and welding steel, are two essential topics. Cycle Source magazine and Chris Callen start with how to buy the right steel and move on to setting up the welder and doing your first welds. Grassroots bikes are often built using a donor bike as the foundation and source for the majority of parts. Chapters Four and Five offer tips on choosing the best donor bike, and scrounging the swap meets for the things that didn't come along with that bike. Once you have most of the parts, you still need to create a plan. Chris suggests you put it all down on paper, whether it's just a notebook...
