Vij Books India Pvt. Ltd., New Delhi, India, 2011. Softcover. Book Condition: New. Human beings come into the world with certain aspirations; they need to love and be loved: they need to know, and they need to create. It is the fulfilment of these aspirations that they call happiness. Before they can fulfil their aspirations, however, they need to add something more to the baggage they bring with them; it is not enough to want something in order to obtain it. Happiness is like a talent that has to be cultivated. If you don't cultivate it, it will never amount to anything. Printed Pages: 238.
