Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Benton County: Her Organization and Early History, and Memorial Tribute to Her Early Settlers Among the many bright and happy characteristics of the human family throughout the entire civilized world, none are more prominent than: First - The love they all feel toward their early home, the scenes of their childhood, their school-boy days, and their early associations. Second - Their great respect and veneration for old age, and for those who left the homes of their childhood and struck for life and fortune in the great unknown western wilds, and with only brave hearts and strong arms, assisted so much in the growth and development of this great western country, undergoing trials and hardships always incident to frontier life and wholly unknown to the young and rising generation of this country. Therefore, in recognition of these facts, and as a mark of respect, and for the purpose of ever keeping in memory the early settlers, it has been thought right and proper for the people throughout the United States to meet at the several county seats in the respective counties in the several States, on this the One Hundredth Anniversary of our Independence this grand Centennial year, and commemorate by a brief sketch the early organization and history of such counties, and of the early settlers, as a perpetuation of the memories thereof, in connection with and as a part of the general and usual festivities, on this, the 4th day of July, A. D. 1876. This much, by way of introduction, to this, your Centennial celebration. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
