Merely no terms to spell out. We have read through and i also am confident that i will gonna read yet again again in the future. You will not sense monotony at anytime of your own time (that's what catalogs are for about should you question me).

Brand New Book ***** Print on Demand *****.PETER GRAVES, a longtime activist, with inoperable brain cancer, is desperate to have a meaningful death. The Supreme Court is about to forbid the use of the stem cells that could save his life. Someone needs to arrange the assassination of one of the reactionary Supreme Court Justices. It might as well be him. There are three other crucial cases coming up before the court, one limiting voting rights, one overturning Roe v. After some comically clumsy inquiries at a hangout for disgruntled CIA agents - his cover is that he is writing a novel about such an assassination - he discovers ALETHA MAXWELL. She is young, Black, and ex-CIA. After some resistance, she decides to help him write a best seller. She tells him to take her out to dinner and they wind up in bed in his crummy hotel. She takes charge. He soon falls under her spell. She gradually transforms him into a sissy slut, eager to do anything for her. He tries to resist, involving himself in the local movements against the upcoming court decisions. He befriends a Black man, MATTHEW TAYLOR, who links him to a more rational process of political action. But Aletha keeps after him. To get out from under her spell, Peter decides to return to his family in California, but Aletha has pictures of his activities and a doctored recording of him talking about assassinating a Supreme Court Justice. She blackmails him. That anything she will have him do is the actual assassination of a Supreme...
