

The Age of Wonder: How the Romantic Generation Discovered the Beauty and Terror of Science (Paperback)

Filesize: 4.18 MB

Reviews

It is one of the best books. Better than ever, though I am quite late in starting to read this one. I am delighted to explain how this is the best book I have ever studied in my personal lifestyle and might be the best PDF for ever.
(Tessie Gutmann)

THE AGE OF WONDER: HOW THE ROMANTIC GENERATION DISCOVERED THE BEAUTY AND TERROR OF SCIENCE (PAPERBACK)

HarperCollins Publishers, United Kingdom, 2009. Paperback. Condition: New. Repr.. Language: English . Brand New Book. Shortlisted for the Samuel Johnson Prize and winner of the Royal Society Prize for Science Books, Richard Holmes's dazzling portrait of the age of great scientific discovery is a groundbreaking achievement. The book opens with Joseph Banks, botanist on Captain Cook's first Endeavour voyage, who stepped onto a Tahitian beach in 1769 fully expecting to have located Paradise. Back in Britain, the same Romantic revolution that had inspired Banks was spurring other great thinkers on to their own voyages of artistic and scientific discovery - astronomical, chemical, poetical, philosophical - that together made up the `age of wonder'. In this breathtaking group biography, Richard Holmes tells the stories of the period's celebrated innovators and their great scientific discoveries: from telescopic sight to the miner's lamp, and from the first balloon flight to African exploration.
