## SULTANS OF ROME: THE TURKISH WORLD EXPANSION

DOWNLOAD

Interlink Books. Paperback. Condition: New. 184 pages. Dimensions: 8.4in. x 5.3in. x 0.8in. The third volume in a series that examines the spread of cultures from the East into Europe. Between 1623 and 1625, a privateer fleet occupied one of Britain's offshore islands, using it as a base to raid the English Channel and ports in the Netherlands, Denmark, Sweden, Norway, Ireland and even as far as Greenland. The great power they represented was originally an obscure Siberian forest people from the Far East, but by the time part of its navy occupied Lundy Island in 1623, it controlled most of the Mediterranean, raided the North Atlantic, established bases in the Indian Ocean as far as India and the East Indies, and ruled an empire that controlled up to 25 percent of mainland Europe. Even in its dying days, this power was able to inflict crushing defeats upon the greatest imperial power in the world at Gallipoli and Kut al-Amara. These obscure Siberian forest people were, of course, the Turks. It has become conventional or at least convenient to think of the Turkish capture of Constantinople in 1453 as an Asiatic conquest. This is only partly true. The Turks originated in Asia it is true, but Constantinople was conquered from the west not the east: the Ottomans became a European power before they became a Middle Eastern one and remained a primarily European power. Indeed, not only did they conquer Constantinople from Europe, but the Middle East and even most of Anatolia itself was conquered from Europe. We conventionally regard the Ottoman Empire as the last of the great empires of the Near and Middle East: the successor of the Seljuk Empire and the empires of the Abbasids and Umayyads, and ultimately of the Persian Empire of antiquity. Again, this is only partially true....
