Reviews

The book is great and fantastic. It is written in straightforward words and phrases rather than difficult to understand. You won't really feel monotony at any time of your respective time (that's what catalogues are for regarding should you question me).

Demos Medical Publishing, United States, 2003. Paperback. Condition: New. Language: English . Brand New Book. This book provides the tools you need to raise a child with Epilepsy, to support his/her social development, provide effective discipline and negotiate the educational system. Each stage in your child s life presents unique issues and problems, ranging from finding day care to school programming to driving. This book is organised so that you can go to the information you need when you need it, returning for updates as your child grows and new issues emerge. In her 20 years of working with children with Epilepsy, Dr Blackburn has been continually impressed by the fact that no two children with Epilepsy are the same. Each child and each family has unique needs. Because of this, she works with a team. The unique talents of each team member let the group meet the unique needs of each patient. This book will help you build the resource team for your child. In addition to providing you with basic tools, the book identifies resources, places you can contact, additional materials you can read, and the kinds of professionals that may be in your community to help you and your child. Every parent is busy and parents of children with Epilepsy may be even busier than most. This book has been organised with the busy parent in mind. The first four chapters are a must read for every parent. They provide the basic tools for understanding Epilepsy, behaviour management and school programming. The final chapter summarises parenting of a child with Epilepsy, providing an easy to remember checklist. Issues for parenting a toddler with Epilepsy are far different than issues for parenting an adolescent. You can select the section that is important to you in understanding your child, reading the other chapters...
