**BOOK OF YES: A REINTERPRETATION OF THE TEN COMMANDMENTS FOR THE NEW MILLENNIUM
(PAPERBACK)****DOWNLOAD**

Createspace Independent Publishing Platform, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Using the Ten Commandments as a reference, Tessie Jayme shows how to give a contemporary, self-empowering interpretation to the traditional mandates from God. Today s modern viewpoint of God is no longer the despotic, giant, human-like icon who lives in heaven and is constantly keeping track of human daily transgressions. Rather, contributions from the scientific community have altered that traditional image somehow. Today, God is more likely to be viewed as an infinite, indestructible energy force which enlivens every aspect of life in all its forms. Today, we assume responsibility for creating our own lives and the circumstances which govern our daily events. Recognizing and embracing our innate ability to shape our individual lives gives us the POWER to choose our paths. It also gives us the power to view the Ten Commandments as guiding principles rather than despotic mandates. BOOK OF YES is a way of viewing the world so that you can become a Yes person. one who says YES to opportunities, to adventure, to happiness, and much more.
