CAMBODIA: ENTERING A NEW PHASE OF GROWTH (PAPERBACK)

International Monetary Fund (IMF), United Kingdom, 2014. Paperback. Condition: New. Language: English . Brand New Book. Cambodia is poised to join a new generation of Asian frontier economies transitioning from low-income to emerging-market. But the path to greater and more shared prosperity requires a solid foundation of sound macroeconomic policies, enabling new growth drivers, tackling a highly dollarized and fragmented financial system, and creating more fiscal policy space to help meet Cambodia s vast development needs. This book first takes a closer look at the key economic challenges Cambodia faces at the current juncture, highlighting Cambodia s structural and financial constraints to growth as well as shifting vulnerabilities as Asia rebalances. It then lays out how a strategy of fiscal and financial sector policies, from creating a fairer and more buoyant tax system to modernizing financial instruments, markets and supervision, can help mobilize the resources and tools needed for one of Asia s youngest and fastest-growing populations to enjoy more self-sustaining and inclusive growth.
