NEUTRINO HUNTERS (PAPERBACK)

To get **Neutrino Hunters (Paperback)** eBook, you should refer to the link below and download the file or have access to additional information which are related to NEUTRINO HUNTERS (PAPERBACK) book.

Farrar, Straus Giroux Inc, United States, 2015. Paperback. Condition: New. Reprint. Language: English . Brand New Book. For more than eighty years, brilliant and eccentric scientists around the world have been searching for the incredibly small bits of matter we call neutrinos. Trillions of these ghostly particles pass through our bodies every second, but they are so pathologically shy that neutrino hunters have to use Olympic-size pools deep underground and a gigantic cube of Antarctic ice to catch just a handful. Neutrinos may hold the secrets to the nature of antimatter and what the universe was like just seconds after the big bang, but they are extremely elusive and difficult to pin down - much like the adventurous scientists who doggedly pursue them. In *Neutrino Hunters*, the renowned astrophysicist and award-winning author Ray Jayawardhana takes us on a thrilling journey into the shadowy world of neutrinos and the colourful lives of those who chase them. Demystifying particle science along the way, he tells a detective story with cosmic implications-interweaving the tales of the irascible Casanova Wolfgang Pauli; the troubled genius Ettore Majorana, who disappeared without a trace; and Bruno Pontecorvo, whose defection to the Soviet Union caused a Cold War ruckus. Ultimately, Jayawardhana reveals just how significant these fast-moving particles are to the world we live in, and why the next decade of neutrino hunting will redefine how we think about physics, cosmology, and our lives on Earth.
