Mastering Angular 2 Components

By Gion Kunz

Packt Publishing - ebooks Account. Paperback. Condition: New. 340 pages. Dimensions: 9.2in. x 7.5in. x 0.8in. **Key Features** Developers will be able to make better websites right now by building the example components in the book. Learn new ways of conceptualizing how to design their web applications, which will prepare them to keep making more sophisticated projects. Learning these concepts and building the apps this book teaches will put developers ahead of the curve in preparing for tomorrow's Internet, as component-based development and component-centric thinking are increasingly in demand. **Book Description** You will learn how to use Angular 2 and its component-based architecture in order to develop modern user interfaces. A new holistic way of thinking about UI development will be established throughout this book, and you will discover the power of Angular 2 components with many examples. After reading the book and following the example application, you will have built a small to mid-sized application with Angular 2, using a component-based UI architecture. At a higher level, your journey could be outlined as follows: You'll discover the benefits of component-based user interfaces over the classical MVC design. Also, you will get a chance to compare classical MVC with a component-based approach and understand...
