Brand New Book ***** Print on Demand *****.A must-read for anyone interested in Muslim cultures, this volume not only explores Muslim identities through the lens of sexuality and gender - their historical and contemporary transformations and local and global articulations - but also interrogates our understanding of what constitutes a a Muslima (TM) identity in selected Muslim-majority countries at this pivotal historical moment, characterized by transformative destabilizations in which national, ethnic, and religious boundaries are being re-imagined and re-made.
