Brand New Book ***** Print on Demand *****.This book answers the question, how and why a royalty-free and open source standard is revolutionizing the business and technology of manufacturing. This is the world s first book on MTConnect and open systems. This book is not just about MTConnect, but it is first a book that discusses the many lessons learned in the world of open systems. I enjoyed working with Dave on MTConnect and believe this book, MTConnect: To Measure Is To Know, is a great way to learn not only about MTConnect, but also to understand the important principles and lessons learned from open systems that Dave shares with the reader. - Dave Patterson David A. Patterson joined the faculty of the University of California, Berkeley, in 1977. He is holder of the E.H. and M.E. Pardee Chair of Computer Science and is a member of the National Academy of Engineering and the National Academy of Sciences.
