Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

MORE LIBERTY MEANS LESS GOVERNMENT: OUR FOUNDERS KNEW THIS WELL

Hoover Institution Press,U.S. Paperback. Book Condition: new. BRAND NEW, More Liberty Means Less Government: Our Founders Knew This Well, Walter E. Williams, In this new collection of thoughtful, hard-hitting essays, Walter E. Williams once again takes on the left wing's most sacred cows with provocative insights, brutal candor, and an uncompromising reverence for personal liberty and the principles laid out in our Declaration of Independence and Constitution. He challenges the assumptions of contemporary liberalism with ruthless honesty, presenting an impressive array of powerful ideas and substantive information to frame his perspectives on the issues facing America in such critical areas as race, sex, government, law, education, the environment, and international relations. Williams's often controversial views include commentary on "Women in the Military." "At Parris Island, it was discovered that 45 percent of female Marines were unable to throw a hand grenade far enough to avoid blowing themselves up. If I were in a foxhole with a woman about to toss a hand grenade, I'd consider her the enemy." "Racial and Gender Quotas." "The only reason the elite haven't mandated quotas for women, Japanese, and other underrepresented groups in the NBA and the NFL is because the folly and costs of their cosmic justice vision would be exposed." "Affirmative Action." "Too many blacks receive twelve years of fraudulent primary and secondary education that cannot be overcome by four years of college. Unfortunately, liberals and civil rights organizations add to that disaster by giving unquestioned support to a corrupt education establishment that produces the fraud." "The Americans with Disabilities Act." "In some quarters, the ADA is taken to stand for 'Attorney's Dream Answered.' And who pays? You and I, through higher prices or less convenience." "The Minimum Wage." "Low wages are more a result of people being underproductive than being underpaid. They...
