Book Condition: New. Publisher/Verlag: Springer, Berlin | A Guide to Success in a Chemistry Career | John Fetzer's "Career Management for Chemists" provides ample, common-sense guidance on the key topics such as: Resumés and CVs, Staying Driven & Current, Personal Skills & Traits, Networking, Teamwork & Leadership, Speaking & Listening, Writing Research Papers, Mentoring, Behavior & Rewards. The practical coverage reflects not only his long professional experience but also his insight that, especially in today's changing workplace, expectations and strategies for career management require constant re-evaluation. Provides real, common-sense, and proven means to enrich and make more rewarding a technical career. Pre-publication comments from colleagues - "Not only the student who is taking his first steps in the scientific world would profit abundantly by mining this book for views and ideas on the different sides of his chosen career. Also the seasoned scientist will be stimulated to scrutinize his own habits and pick up new thoughts, thereby becoming a more skilled instructor of his younger colleagues." J. Andersson, University of Münster, Germany "As one of the international collaborators of Dr. John Fetzer, I want to warmly congratulate him. His efforts nicely summarize very important topics for all who work in scientific activities. But, at the same time, Career Management for Chemists also provides some real insights for many people who are not working in science. This is a nice guidebook on how to enrich our lives and help us to become more successful!! K. Jinnó, Toyohashi University of Technology | Acknowledgements
