Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

CALVIN COOLIDGE: CONSERVATIVE ICON (FIRST MEN, AMERICAN'S PRESIDENTS)

Nova Science Pub Inc, 2013. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Calvin Coolidge was one of Americas most unusual presidents. Selected as vice president by rebellious convention delegates and thrust unexpectedly into the presidency on the death of his predecessor, he nonetheless imprinted his authority on both party and country. Like Dwight Eisenhower, Ronald Reagan and Bill Clinton, he came to personify not just an administration but a social and political era. Although historians still dispute his legacy, the thirtieth presidents image remains both distinctive and enduring. This is partly because Coolidge was a walking contradiction of his times. He had little of the charisma deemed essential to political success and was obsessed with fiscal prudence in an age of acquisitiveness and wild financial speculation. His economic views were more suited to a nineteenth century agrarian nation than to an emerging industrial-capitalist giant. His personal life embodied the values of white, Puritan New England, not those of the big northern cities, whose cosmopolitanism and moral relativism increasingly set the tone for the nation in the Coolidge years.
