Washington D.C. is a lawless, ruthless city-state - at war with America. It does no good to march, rally, or contact corrupt D.C. puppets to stop supporting abortion, illegal aliens, sexual perversion, and socialist healthcare by which they are destroying our civilization. The war industry stokes Islamic jihad and Great Depression II could begin any day now. We The People have had no plan of action - until now. To restore true popular sovereignty, AmericaAgain! is launching meetups in up to 31,000 small towns to push through a 3-prong plan: 1) Ratify the long-forgotten original First Amendment, the first step to take Congress out of Washington D.C.; 2) Restore the Citizen Militia required by the Constitution; and 3) Return all sovereign public lands to the states. AmericaAgain! will force 21 other reform laws through Congress as well. To learn how we will do all of this, read this book. This is a detailed action plan that will take decades, for us to do what our ancestors failed to do. sovereignly oversee our federal servants in a peaceful, practical new way of life: arrest D.C. organized crime, take our lives back, and even turn Great Depression II to our advantage. We The People will forge a new way of life for our servants, too - forever throwing off the chains that their elite masters forged for us.
