

The Presenter s Toolbox: Time-Saving Tools to Build Better Presentations (Paperback)

By Eric Bergman

Petticoat Creek Press Limited, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book. This toolbox provides a series of models to help you develop clear, concise content for virtually any presentation challenge you ll face. It will save you time. It will improve your effectiveness. And it is constructed on the assumption that the best approach to building any presentation is to develop slides last, not first, in the content development process. Most people don t remember the evolution of visual aids, but PowerPoint was created in 1987 to mimic the horizontal format of 35-mm slides. At the time, 35-mm slides cost anywhere from thirty-five to seventy-five dollars each to produce-i.e. to get from designer to audience. They were called speaker support slides because that s what they did. They supported the speaker. Slideware programs like PowerPoint, Cricket Presents, Keynote, Prezi, SlideRocket, Haiku Deck and Google Slides were never created as content development tools. When PowerPoint was conceived, people always finished their content before a single slide was developed. Yet most people today would never think of preparing a presentation without spending significant time (and probably too much time) at a slideware program. When slideware is used...
