Reviews

Complete information for publication enthusiasts. I have go through and that i am confident that i will gonna go through once more again in the future. Its been printed in an exceptionally basic way and is particularly just following i finished reading through this book by which basically altered me, alter the way i really believe.

(Angela Kuhn)

THE GAS ENGINE (CLASSIC REPRINT)

Forgotten Books. Paperback. Condition: New. This item is printed on demand. 122 pages. Dimensions: 9.0in. x 6.0in. x 0.3in. Excerpt from The Gas Engine This book is not intended as a complete treatise on the subject. The object of the author is to present the principles governing the salient features of gas-engine construction and operation in as simple a manner as possible, and to that end the comprehensive discussions of the thermodynamic properties of gases and of hypothetical heat-energy cycles, of the character commonly found in text-books, have been avoided. Since the pressures, temperatures, and energy transformations which occur in a gas engine cylinder cannot be adequately explained without the use of algebraic equations which appear complex to a beginner, such equations have been employed in that connection, but their use has been restricted to a single chapter. This chapter may be omitted without sacrifice by readers who wish merely general, rudimentary information, but not by real students of the subject. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works. This item ships from La Vergne, TN. Paperback.
