Hi Baby! It s Your Birth-Day!

By Dr Gary Benfield

Dr. Gary Books, 2018. Board book. Condition: New. Language: English . Brand New Book. Every babys birth-day is an exciting event! And when a new parent greets their baby for the very first time, a delightful, almost magical, love affair begins. You dont want to miss what happens next when you act out this adorable story with your very own baby. From the moment you exclaim, Welcome, little precious! Im so excited to meet you! your birth-day baby will enjoy the heart-warming feeling that flows between you. Known as the cuddle or love hormone, oxytocin is responsible for this special feeling. Even a loving hug stimulates the release of oxytocin from our brains. So when you snuggle up and read this magical story to your baby, oxytocin flows through both of you, bonding you to each other, helping your baby feel safe and loved. Research shows that reading aloud to your baby is extremely important because its shaping your babys brain growing new connections at the amazing rate of 700 each second. Thats right, 700 new connections per second. In turn, these new connections create memories, which we call learning. These early memories form a foundation for learning to read,...
