

PG Textbook of Pediatrics: Volume 1: General Pediatrics and Neonatology

By Piyush Gupta

Jaypee Brothers Medical Publishers. Hardback. Book Condition: new. BRAND NEW, PG Textbook of Pediatrics: Volume 1: General Pediatrics and Neonatology, Piyush Gupta, Postgraduate Textbook of Pediatrics is a comprehensive guide to paediatrics. The textbook is comprised of three volumes, split into ten parts with over 600 chapters, and contributions from over 50 section editors and 725 authors, covering all paediatric disorders, descriptions of diseases and their management. - The first volume covers general paediatrics and neonatology, beginning with a general introduction, and basic sciences as applied to paediatrics. Also covered are intensive care and emergencies, the newborn, childhood and adolescence. - The second volume covers infections and systemic diseases, featuring a range of infections from bacterial, to viral and fungal, and systemic disorders including gastrointestinal, respiratory and cardiovascular. - The third volume covers systemic disorders further, including neurological, eye and skin disorders. This volume also covers social paediatrics including sections on vulnerable children and community paediatrics. Postgraduate Textbook of Pediatrics includes nearly 1500 images and illustrations in full colour, incorporating information on modern imaging techniques for neurological disorders in children. The textbook also includes appendices for laboratory values and drug doses. This is an ideal resource for postgraduate students to...

Reviews

This book is definitely worth acquiring. I have go through and so i am certain that i will likely to read through again again in the future. Its been printed in an exceptionally basic way in fact it is only after i finished reading this publication in which actually altered me, change the way in my opinion.

-- Andres Bashirian

Comprehensive guide for publication fanatics. This really is for all who statte there had not been a well worth reading through. I discovered this ebook from my dad and i encouraged this book to find out.
