Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Many of those who have read Jack Weyland s novel Charly or who have enjoyed the feature film based on it have had a number of unanswered questions--the first being how someone as charming and fun-loving as Charly could in any way be attracted to Sam, the straight-faced, socially awkward Mormon from Utah. Jack s new novel Charly s Diary answers this and many other questions. The premise is that Charly, an art student from NYC, always carried a sketch pad with her. As she and Sam became friends, she turned her sketch pad into a diary which recorded many details of her life as well as the health challenges she and Sam had to face. So this is told from Charly s point of view. If you loved Charly and have always wanted to know more about this epic love story, this is your chance.
