iUniverse. Paperback. Condition: New. 172 pages. Dimensions: 9.1in. x 5.9in. x 0.5in. The capital campaign is a statement of will, but it had better be a statement of potential. A successful campaign has far greater ramifications than the organizations leadership ever foresees. The successful campaign creates a new organization, not just a bigger one - an organization that recognizes its past only as a developmental phase of what is to become. The bar is raised, but the confidence level jumps even while being pressed to keep pace with ever-escalating expectations. Capital campaigns are for achievers, not the mere hopeful. With those words as a sendoff, Norvell proceeds to lay out some basic insights about how organizations behave in a capital campaign and how to get them to operate better. His sage observations are linked with insightful and sometimes witty quotations from the famous and nearly so. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
